Instructions

The 50 States, District of Columbia, and the Commonwealth of Puerto Rico and other territories are required to use the LIHEAP Household Report-Long Form in providing household counts for the designated Federal Fiscal Year. The Report consists of the following six sections that are to include unduplicated household counts for both LIHEAP assisted and LIHEAP applicant households.

- I. Number of Assisted Households
- II. Number of Assisted Households by Poverty Interval
- III. Number of Assisted Households by Vulnerable Population
- IV. Number of Applicant Households
- V. Number of Applicant Households by Poverty Interval
- VI. Number of Assisted Households by Young Child Age Category

Except for Section VI, the household counts for LIHEAP assisted and applicant households are required under the LIHEAP statute. Section VI is optional. If LIHEAP funds are used for any other type of service not listed in the sections below, describe the service and the total number of households assisted with that service in the Notes Section.

The required data for LIHEAP assisted households for each State are included in the Department's LIHEAP annual Report to Congress. The required data are also used in measuring LIHEAP targeting performance under the Government Performance and Results Act (GPRA) of 1993, as amended by the GPRA Modernization Act of 2010. As the reported data are aggregated, the information in this report is not considered to be confidential.
